# Key Highlights

## Since the last report

The Group's NAV has grown by £34.4m to £436.9m resulting in the equity ratio increasing from 62.6% to 63.5%.

External half year valuations have been performed on the Group's property portfolio. Investment assets have grown from £309.4m to £329.8m during the last six months including the increase in value at Worksop.

Worksop has been transferred from development stock to investment property in Q2 2021 which resulted in an uplift in valuation of £8.9m.

In June 2021, the sale of Broxbourne in CEG Land Promotions resulted in a gain of £9.2m to the Group of which £7.6m was received in cash in Q3 2021. Following this distribution, CEG Limited crystallised the CEG Land Promotions promote hurdle, and the Group will now receive 53% of all distributions, up from 33%.

# Comments from the Chairman of CEG

Gerard Versteegh, founder and Chairman of CEG

**As expected, the operational progress that we were noticing in the first quarter of the year has shown through in the financial performance of the Group in the second quarter.**

**It is satisfactory to note that overall every business area and co-investment vehicle, is currently performing well operationally.**

**I would expect this will translate into further positive financial performance in the second half of the year as the economy continues to recover as we come out of the COVID-19 crisis, unless there is a new dramatic negative external event.**

**We are dedicating big resources at improving our offering to tenants, in strengthening our ESG (Environmental, Social and Governance) credentials, in investing in Property Technology and IT generally and in improving the quality of our personnel resources. We want to stand even stronger whenever the next crisis appears.**

### Notes to the interim report

#### General

Dooba Holdings Limited (“the Guarantor”) and its subsidiaries the “Group”) acts as an investment holding company with a controlling interest in its subsidiary GMV Holdings Limited. The company also holds an interest in a number of other investments through its wholly owned subsidiary, Dooba Properties Limited.

#### Basis of preparation

The principal accounting policies adopted in the preparation of the financial statements are set out below. The policies have been consistently applied to all the years presented, unless otherwise stated.

This Interim Report is presented in accordance with IAS 34 Interim Financial Reporting and International Financial Reporting Standards, International Accounting Standards and Interpretations (collectively IFRS) issued by the International Accounting Standards Board (IASB) as adopted by the European Union (“adopted IFRSs”).

The financial statements have been prepared on the historical cost basis except that investment properties, other investments and derivative financial instruments are measured at fair value.

The applied accounting principles are in accordance with those described in Dooba Holdings Limited annual report for 2020.

#### Going concern

Given the significant impact of COVID-19 on the macro-economic conditions in which the Group is operating, the directors’ have placed a particular focus on the appropriateness of adopting the going concern basis in preparing the financial statements for the period ended 30 June 2021.

The Group’s going concern assessment is dependent on a number of factors, including performance of rental collections, continued access to funding and the ability to continue to operate the Group’s secured debt structure within its financial covenants.

The directors have performed stress testing of the Group’s forecasts over the next 12 months, adopting a primary assumption that rental collections will be lower than what would normally be expected. The impact in the reduction in the rental collections have been applied across a variety of performance indicators including free cash flow and debt serviceability covenants.

The directors consider that it is appropriate to adopt the going concern basis in preparing the interim financial statements.

#### Changes in accounting policies

*New standards, interpretations and amendments effective for the current year:*

None of the new or amended standards or interpretations issued by the International Accounting Standards Board (“IASB”) or the IFRS Interpretations Committee (“IFRIC”) have led to any material changes in the Company’s accounting policies or disclosures during the year.

### Notes to the interim report (continued)

#### Changes in accounting policies (Continued)

*Standards and interpretations in issue not yet adopted*

The IASB and IFRIC have issued or revised IFRS 1, IFRS 3, IFRS 4, IFRS 7, IFRS 9, IFRS 17, IAS 1, IAS 8, IAS 16, IAS 28, IAS 37, IAS 39 and IAS 41 but these are not expected to have a material effect on the operations of the Group.

During the year, the Group adopted the amendments to IFRS 16 that were introduced as a result of the Covid-19 pandemic. As these largely apply to lessees rather than lessors, there was no material change to the Group’s accounting policies and disclosures.

The Company does not expect any other standards, amendments or interpretations issued by the IASB or IFRIC, but not yet effective, to have a material impact on the Group.

#### Significant events and transactions

Refer to the Q1 2021 quarter end report for previously reported significant events and transactions.

On 20 April 2021 the Group acquired interest in the ASE I portfolio from a minority shareholder for a total consideration of GBP 3.9m. GBP 0.9m was paid in cash on completion with the remainder being paid via two fixed term 5% per annum interest bearing loan notes of GBP 1.5m each to be redeemed on 30 September 2022 and 30 September 2023 respectively. This takes the Group’s total share of future ASE I distributions to 26.74%.
